

SMALL BUSINESS PACKAGE

3 Page Website

+ Google Apps

+ Basic SEO

NT Digital's \$999.00 Website Package

Three (3) page website including Google Apps and Basic SEO

The Website Includes:

Home Page

This is an online brochure about your business. We will help you select images and content that show clearly who you are, and what you have to offer. A photo shoot is included as part of this package.

Services Page

This is the place to showcase what you are offering. This page can include images, products, insurance information and why to choose you. We also encourage you to include organizations or associations that you belong to. We can link people from their site to yours providing you with additional exposure.

Contact Page

This tells people where you are and provides them with the ability to communicate with you. You can include your contact information and location and even a map to your office. We also include an online form that lets your customer's type in their contact information which is emailed directly to you.

Website Optimization

Basic Search Engine Optimization Now Included.

Google Apps

Gmail
